Amanda Nelson is Internationally known for her distance handling skills. She has been teaching seminars for 20+ years throughout the United States and other countries. Amanda's foundations focuses on teaching dog and handler teamwork. Amanda uses techniques consisting of targeting, food rewards, and toy rewards to create a fun learning environment for the dog and the handler. The result is a fast, fun, and motivated dog in the agility ring.

This seminar is open to all Novice, Open and Elite teams.

Day 1 Wednesday - Chances and Regular

Morning – Amanda will be giving an overview of how she approaches courses with her dogs to get the most out of them.

- Chances will be set up, walked and run elite, open, novice. All runs will be recorded.
- There will be an additional walk thru with detailed discussion on what to look for when walking courses, what are the challenges judges and looking for, how to make your lines more efficient, how to get more speed from your dog. Amanda will also teach how to make your distance attempts more successful by reading the course better.
- Runs will be reviewed and discussed in detail.

- Course will be run again.
- **Afternoon -**
 - Regular will be set and run elite, open, novice. All runs will be recorded.
 - There will be an additional walk thru with detailed discussion on what to look for when walking courses, what are the challenges judges and looking for, how to make your lines more efficient, how to get more speed from your dog.
- Runs will be reviewed and discussed in detail.
- Course will be run again.
